Introduction

Thank you for participating in our research. For the next *** minutes we will be looking at a website to gain insight into how you would use it and which features you liked and disliked. Please note that this is not a test for you, but an evaluation of the websites.

All of your personal information will be kept confidential and will not be included in the notes.

Background

We would like to know about your background, your answers will be kept anonymous.

1. What is your age(circle one)?
    a. 18-25
    b. 25-35
    c. 35-45
    d. 45+
2. How long have you been in college(circle one)?
    a. 1 year or less
    b. 2 years
    c. 3 years
    d. 4 year
    e. 5+ years
3. What degree are you getting(circle one)?
    a. Associate's degree
    b. bachelor's degree
    c. Master's Degree
    d. PhD
4. What is your previous experience with calendar apps?

5. What is your experience level with computers on a scale from 1(inexperienced) to 5(experienced)?

Task 1

Once you have signed in, your goal is to transfer your calendar from Canvas to our app. When you have connected your goal is to view the assignment description.

On a scale to 1-5, where 1 is "Very Difficult" and 5 is "Very Easy" how would you rate connecting to Canvas. And viewing the description Why?

Task completed: yes   no

Task 2

Add a task that occurs daily. Now edit that task to occur weekly.
How would you go about adding a task?

On a scale to 1-5, where 1 is "Very Difficult" and 5 is "Very Easy" how would you rate interacting with the interface to complete the task.

Task completed: yes   no

Task 3

Once you put in your canvas information and have the app set up your schedule, you find that there is an overbooking for something you did not add in the calendar.

How would you go about editing an assignment to better fit your schedule?

On a scale to 1-5, where 1 is "Very Difficult" and 5 is "Very Easy" how would you rate interacting with the interface to complete the task.

Task completed: yes   no

Wrap Up

Now that you have finished using the apps, we would like to know your overall impressions of both.

1. What were some frustrations you had with the app?

2. What did you like about the app?

3. Do you see yourself using this app in the future?

Any thoughts or comments?

Thank you for your feedback!
